- 9) Select Open with .....> open with Google Docs

10) It will **convert the file** to open in a **new** Google Doc with the file name already there !! It's converting the test

-

11) It's now ready to be used with **Read and Write Toolbar** and **Ginger** at the same time

I experimented again, but with an EQAO Microsoft Word (\*.doc) Test File. It uploaded fine, but I needed to change the Page setup in the Google Doc to Landscape for the text and pictures to fit perfectly on the test pages.
