Link Data button with Googles ocsbstudent.ca

If the extensions in google **are not showing up** it is because the student is **cancelling** the link data window....> which looks like this graphic below

	Link your Chrome data to this account?											
	This account is managed by ocsb.ca											
	You are signing in with a managed account and giving its administrator control over your Google Chrome profile. Your Chrome data, such as your apps, bookmarks, history, passwords, and other settings will become permanently tied to william.fox@ocsb.ca. You will be able to delete this data via the Google Accounts Dashboard, but you will not be able to associate this data with another account. You can optionally create a new profile to keep your existing Chrome data separate. Learn more											
ť	Link data Create a new profile Cancel											

So to get it back and force it to load all the extensions perform the following.

- 1) Sign Out of Google
- 2) With Google Open....> Click a new Tab which looks like this

3) Click the coloured 9 dots (apps button) in the top left corner which looks like this

Blackboard Lear	n ×	New Tab	×
← → C fi	0		
Apps For order	ac	ur bookmarks here o	n the bookmarks bar. <u>Import</u>

4) Click on the Not signed into Chrome section (Top Right) which looks like

5) Get the student to sign in with their **ocsbstudent.ca** login which looks like

- 6) After the student logs in....> the **Link data** graphic will load in about 5 to 10 seconds.
- 7) NB Click the **Link Data** button which will bring down the pipe **all the board extensions and apps** and it looks like this

Link your Chrome da	ita to this account?	×
This account is managed	by ocsb.ca	
You are signing in with a over your Google Chrome bookmarks, history, passy william.fox@ocsb.ca. You Dashboard, but you will n You can optionally create separate.
